A note before we start

Hi [Client First Name],

Thank you for the time on [meeting date], and for letting us take a close look at [Business Name]. This proposal lays out what our free audit found, the goals you shared with us, and the plan we recommend to get there.

We keep it simple: we show our work, we lead with a quick win in the first 30 days, and we treat every client like our only client. If anything here is unclear, ask. We would rather answer a question now than leave you guessing later.
